

*Entrepreneurship and Innovations  
in Psychiatry*

**EPS MONSOON  
CPD 2024**

JULY 21<sup>ST</sup> 2024, IMA HOUSE, KOCHI

9 AM ONWARDS

Dear Colleagues,

Welcome to our continuing professional development program for psychiatrists. While most of the existing CPD programs focus on clinical, psychopharmacological, research and legal aspects of psychiatry, our program tries to kindle the spirit of entrepreneurship among psychiatrists and also familiarize them with the new innovations and technological advances in the field of psychiatry. Our program will explore the entrepreneurial opportunities in India and abroad and will try to empower the psychiatrists to integrate new technologies like artificial intelligence to their clinical practice.

Join us as we push the boundaries of psychiatry by integrating technology, global perspectives, and innovation. Together, we will advance our profession and improve patient care.

We look forward to your active participation.

Warm regards,

**Dr. Anoop Vincent**  
President,  
Ernakulam Psychiatric Society

**Dr. Aswin Krishnan Ajit**  
Treasurer,  
Ernakulam Psychiatric Society

**Dr. T. C. Vishnu**  
Secretary,  
Ernakulam Psychiatric Society
